

Q1 News from SNOMED International

SNOMED International releases its Q1 news to you, our valued community. This quarter focuses on our SNOMED CT releases, including the January 2020 International Edition release and interim March 2020 release both representative of [COVID-19 content](#).

We celebrate a new Member in our community, and new licensing and education delivery agreements with partners. Lastly, January 2020 saw the launch of the organization's 2020-2025 Strategy to guide our activities over the next 5 years.

Read up on developments taking place in 2020, as well as past editions of our newsletter [here](#).
