

# April 2021 Business Meetings - Post Event Resources

Thank you to all who made the time to attend the April 2021 Business Meetings. A virtual gathering, the agenda was active with more than 400 from our community participating in governance, advisory, project and clinical reference group meetings.

The Open General Assembly, led by Management Board Chair, Joanne Burns, and General Assembly Chair, Alex Elias, was kicked off with a keynote by Dr. Tom Hughes as he shared his insights, development and use of the SNOMED CT enabled Emergency Care Data Set.

Resources from these sessions, including the SNOMED CT Community Updates, have been made available [here](#).

For more information, please contact [events@snomed.org](mailto:events@snomed.org).
