

# SNOMED International releases 2020 Annual Report

SNOMED International's [2020 Annual Report](#), "A new chapter powered by a global coalition," demonstrates the vast breadth of progress made possible by the will of a growing and committed community. The start of the year was marked by the delivery of necessary COVID-19 terminology to equip healthcare systems globally in their management of the pandemic, an activity which continued steadily throughout the year. Further, 2020 marked the first year of a new five-year strategy, the focus of which tackled many imperatives for the organization's product and services enhancement and innovation.

The 2020 Annual Report features:

- Message from the General Assembly Chair, Alex Elias, Management Board Chair, Joanne Burns, and CEO, Don Sweete
- Progress against 2020-2025 Strategy
- 2020 COVID-19 response
- SNOMED CT product and service quality, enhancements and partners
- Global engagement activities across stakeholders
- Featured Member success stories
- Governance recap featuring QnA's with the Community of Practice
