

# Would you listen to a SNOMED International podcast? Share your thoughts!

## SNOMED International Podcast Survey

SNOMED International is developing a three-episode podcast pilot project

To help us better understand if you currently listen to podcasts, the content you like to listen to and whether you would be interested in a SNOMED International podcast, we are asking you to complete a short survey.

We also want to know if you have suggestions as to topics and potential guests, and if you would like to participate as a guest or host.

Thank you for your support in launching this exciting new initiative!

For more information, contact [comms@snomed.org](mailto:comms@snomed.org).

You can find the survey here: <https://forms.gle/eDwLGmmZUwbKxZaE7>. Please note it will be open until **May 11, 2023**.

The screenshot shows the top portion of a Google Forms survey. The header features the text 'SNOMED International Podcast Survey' next to a small image of a microphone. Below this, the heading 'SNOMED INTERNATIONAL WANTS TO HEAR FROM YOU!' is displayed. A paragraph explains that SNOMED International is developing a three-episode podcast pilot program and is seeking input from the community. A red asterisk indicates a required question: 'Do you listen to podcasts?'. Below this question are four radio button options: 'Yes', 'No', 'On occasion', and 'What's a podcast?'.

We encourage you to share this link with your colleagues and others in the SNOMED International community, as not everyone has Twitter or LinkedIn accounts.
